## COUNCIL OF INDIA BULLETIN

OFFICIAL PUBLICATION OF PHARMACY COUNCIL OF INDIA

VOL. XI

JANUARY - MARCH '2000

NO.

### PRESIDENT'S MESSAGE

It is, indeed very gratifying to note that more than eighty percent of the institutions identified by the Council for the purpose of organizing refresher courses/workshops for the benefit of registered pharmacists during Golden Jubilee Year of Pharmacy Council of India have responded positively. The salient feature of this profession-oriented activity was the conduct of brainstorming sessions involving community and hospital pharmacists, teachers, experts drawn from academic institutions, speciality-hospitals, regulatory authorities and pharmaceutical industry.

I had an opportunity to inaugurate five such workshops, two of them being held in rural areas. The enthusiastic response of fellow pharmacists and their total involvement in deliberations of these refresher courses, made me to realize that Council, as a statutory professional body, should take up the herculean task of organizing short-term orientation programmes on regular basis, for

which adequate budgetary allocation could be made annually. A well-trained and well-informed pharmacists is bound to play very critical role in health care system of the country.

In this new year of the new decade, century and millennium, let us hope that the activities aimed at professional excellence of registered pharmacist already initiated by the Council gets further strengthened and consolidated.
